- IPT Match Playing Times may be shortened **by SWPSA** due to adverse weather conditions and/or as otherwise deemed necessary

### 14. Player Requirements

- **SWPSA** has the following IPT Black Player Requirements, which need to be adhered to by all participating **South African** Teams
- Black Players are defined by **SWPSA** as players from “Black, Coloured, Indian and/or Asian Ethnic Groups”
- Zimbabwean National Teams participating in the IPT have been granted full exemption **by SWPSA** with regard to Black Players Requirements
- Any Queries in this regard should please be addressed directly with SWPSA
- **SWPSA** requires that all teams participating in the IPT include the following Black Players:
  - Under **19** Sections – **2** (two) Players per team
  - Under **16** Sections – **2** (two) Players per team
  - Under **15** Sections – **2** (two) Players per team
  - Under **14** Sections – **2** (two) Players per team
  - Under **13** Sections – **2** (two) Players per team
- Should a province submit two teams (or more) in a particular age group (i.e. an A and a B team), **SWPSA’s** Black Player requirement will be determined by age group and gender and not by team. As a result, when a province enters two teams in a particular age group the minimum of four Black Players for that age group could possibly all be in the A team with none of the players being in the B team. **SWPSA’s** only proviso is that the increased

**2021 LOC Executive Committee:**

numbers can only be in the higher team and NOT in the lower team: e.g. two teams: three Black Players in the A team and one in the B team.

- All Black Players are required to play a minimum Playing Time equivalent of **1** (one) full Quarter per match
- It is the responsibility of the coach to ensure that all players (including the Black players) play the minimum required time (i.e. the equivalent of **1** (one) full Quarter per match)
- Coaches whose teams do not meet the Black player time requirement in the first instance shall receive a RED card
- Coaches whose teams do not meet the Black player time requirement in the second instance will be expelled from the tournament with immediate effect
- In the case of a black player withdrawing from a team 7 (seven) days prior to the commencement of the tournament or during a tournament, the player must be replaced by a reserve black player. Should this not be possible, a concession may be applied for in writing to the **General Secretary of SWPSA**. Applying for a concession does not guarantee participation. Such application must be submitted with supporting documents e.g. doctor’s letter or a letter from the player’s headmaster/headmistress. In the spirit of the rule, the black player may **NOT** be replaced by a white player.
- **Only the SWPSA Executive may grant a concession.** The concession allows the team to participate in the tournament but they will not be able to progress to Quarter Final, Semi Final and Final play-off games.

39. **General Information**

- **FINA Bye-Law: BL 9.8.3 Tie Breaking**
  - **BL 9.8.3.1** – If two (2) teams shall have equal points, further classification shall be established as follows:
    - **BL 9.8.3.1.1** – The team winning the game between them shall be placed higher
    - **BL 9.8.3.1.2** – If the game between them was tied, then the results against the highest placed team(s) in the group shall be considered
    - **BL 9.8.3.1.3** – The first comparison shall be based on goal difference, and if still tied, then based on goals scored
    - **BL 9.8.3.1.4** – The comparison shall be made first compared to the highest placed team (or teams, if tied) in the group
    - **BL 9.8.3.1.5** – If still tied, the results against the next highest placed team (or teams, if tied) shall be used in succession until all results have been considered
    - **BL 9.8.3.1.6** – If still tied, the teams shall shoot penalty shots to determine which team shall be placed higher. Each team shall nominate five (5) players and a goalkeeper who will participate in the penalty shoot-out. The team shall shoot five (5) penalty shots at the goal of the other team, alternating shots. If a tie exists after each team has taken five (5) shots, then teams shall take sets of alternate shots until one team scores and the other does not. The procedure shall be conducted following the final game of the round or at the first practical opportunity
    - **BL 9.8.3.1.7** – If there is more than one tie in a group, the highest placed tie shall be determined first
    - **BL 9.8.3.1.8** – If it is the situation where there is more than one tie in a group and it is not possible to determine the highest placed team then all results within the group shall be used to determine the highest placed team

**2021 LOC Executive Committee:**

- **BL 9.8.3.2** – If three (3) or more teams have equal points, further classification shall be established as follows:
  - **BL 9.8.3.2.1** – The results among the tied teams shall determine which team is placed highest
  - **BL 9.8.3.2.2** – If, at any time during the application of the procedure set out in this BL 9.8.3.2, the highest placed team is determined and the number of tied teams is reduced to two (2), then BL 9.8.3.1 shall be used to determine which of the two (2) remaining teams is placed higher
  - **BL 9.8.3.2.3** – The comparison shall be made first, upon the points of the games among the tied teams, second, the goal difference, and third, based upon goals scored
  - **BL 9.8.3.2.4** – If still tied, the games played against the highest placed team (or teams, if tied) shall be considered
  - **BL 9.8.3.2.5** – The first comparison shall be based on goal difference, and if still tied, then based on goals scored
  - **BL 9.8.3.2.6** – If still tied, the results against the next highest placed team (or teams, if tied) shall be used in succession until all results have been considered
  - **BL 9.8.3.2.7** – If still tied, the teams shall shoot penalty shots to determine which team shall be placed highest. Each team shall nominate five (5) players and a goalkeeper who will participate in the penalty shoot-out. Each team shall shoot five (5) penalty shots at its opponent’s goal in alternate succession. The first team shall take its first penalty shot and then each other team shall take its first penalty shot, etc. If a tie shall exist after that procedure, the teams shall then take sets of alternate shots until one team misses and the other(s) score. The procedure shall be conducted following the final game of the round or at the first practical opportunity
  - **BL 9.8.3.2.8** – If there is more than one tie in a group, the highest placed tie shall be determined first
- **FINA Bye-Law: Penalty Shoot Out**
- **FINA rules below apply:**
  - If a penalty shoot-out is necessary, the following procedure shall be followed:
    1. If it involves the two teams having just completed a game, the shoot-out will begin immediately and the same referees will be used
    2. Otherwise, the shoot-out will occur 30 minutes following the completion of the final game of that round, or at the first practical opportunity. The referees involved in the most recent game of that round will be used, provided they are neutral

**2021 LOC Executive Committee:**

3. If two teams are involved the respective coaches of the teams will be requested to nominate five players and goalkeeper who will participate in the penalty shoot-out; the goalkeeper may be changed at any time provided the substitute was listed amongst the team list in that game
4. The five players nominated will be required to be listed in order and that order will determine the sequence in which those players will shoot at their opponent’s goal; the sequence cannot be changed
5. No players excluded for the game are eligible to be listed amongst those players to shoot or substitute as goalkeeper
6. If the goalkeeper is excluded during the penalty shoot-out, a player from the nominated five players may substitute for the goalkeeper but without the privileges of the goalkeeper; following the taking of the penalty shot, the player may be substituted by another player or alternate goalkeeper. If a field player is excluded during the penalty shoot-out, the player’s position is removed from the list of the five players participating in the penalty shoot-out and a substituted player is placed in the last position on the list
7. Shots will be taken alternately at each end of the field of play, unless conditions at one end of the field of play advantage and/or disadvantage a team, in which case all shots may be taken at the same end. The players taking the shots will remain in the water in front of their bench, the goalkeepers will change ends, and all players not involved must sit on their team bench
8. The team to shoot first will be determined by toss of a coin
9. Should teams still be tied following the completion of the initial five penalty shots, the same five players shall then take alternate shots until one team misses and the other(s) score
10. If three or more teams are involved, each team will shoot five penalty shots against each of the other teams, alternating at each shot. The order of the first shot will be determined by draw

The tournament Covid-19 protocols are included in Annexure A to this manual.

**2021 LOC Executive Committee:**

## Annexure A – Covid-19 Protocols

The following additional regulations, relating to Covid-19 protocols, shall apply to IPT202ONE.

1. General
2. Prior to the event
3. At the event
4. After your games
5. After the event – Travelling Home

### 1. General

- a. Personal Safety = Team Safety = Event Safety
- b. Personal responsibility / Maturity
  - i. If we are all personally responsible, we help protect the integrity of the whole event. Sometimes this means being over cautious as individuals to protect others. So please remember to first consider the effect of your actions on others and the event in general, not as to how can I make this work for my team.
- c. Setting up Barriers – Vaccinated People / Covid Tests / Social Distance / Previous Positive diagnosis
  - i. As many barriers as we can set up will help us to limit the possibility of problems and ensure we all get to enjoy a great event.
  - ii. EVERY single person entering these premises MUST HAVE either a negative PCR Covid-19 test 72 to 48 hours before the event, or proof of vaccination.
    1. This includes: Players / Managers / Coaches / Referees / Table officials / Volunteers / School Staff / Parent helpers, etc.
  - iii. Vaccination must have been administered a minimum of three weeks prior. Adults (18+ years) must have been fully vaccinated. Minors (12-17 years) must have had a minimum of one dose.
  - iv. Personal views regarding vaccination / masks etc are great and we respect your right to free speech / thought. However, this event has specific rules and if you don't agree then we ask that you rather don't come. This is the only way we can legally protect the whole event.
- d. Safety measures meet with guidelines from the Department of Sports, Arts and Culture (DSAC), Department of Basic Education (DBE) and Swimming South Africa (SSA).
- e. Schools' Water Polo South Africa has mandated that any player who attends any of the Matric Rage Festival events, that may be held prior to IPT 202ONE, will be permitted to participate in this year's tournament subject to the following conditions:

#### **2021 LOC Executive Committee:**

A. Botha (Chairperson), B.Redelinghuys (Technical Director), G.Fisher (Tournament Director), W. Good (Treasurer) C.Wiltshire, M.Fisher, D. Commins, A. Riley Nielsen (Admin)

- i. As per Matric Rage Festival protocols, the player must have been vaccinated against Covid-19 at least 30 days prior to attending the Rage Festival.

**NB – the provincial team General Managers take full responsibility for verifying that their teams have complied with this requirement**

**2. Prior to the event**

a. Testing before departing:

- i. Other than people who have been vaccinated, every person must have a **Covid-19 PCR Test 72 to 48 hours** before departing for the event.
- ii. These tests **MUST** be done **BEFORE** the team departs from their home province.
- iii. Negative Covid-19 tests and proof of vaccination are to be uploaded as part of the team registration system prior to departure for the tournament.

**NB – the provincial team General Managers take full responsibility for verifying that their teams (players and officials) have complied with this requirement**

b. What type of test is acceptable?

- i. **ONLY** a PCR Test is acceptable, and the results must be in PDF format from the pathology lab.
  1. Please request that they send this to you via email when you do your test so that you have the PDF result to upload.
- ii. **DO NOT** have a Rapid or Antigen test as this will be rejected and the player / manager / coach will be excluded from the event until a PCR Test has been completed and is negative.
  1. Remember the PCR test takes 24 hours for results to come, so book your test for 48 to 72 hours **BEFORE** you depart for Cape Town.
- iii. We do understand that there are different tests available. However, based on medical advice that the PCR test is most reliable, we have decided to keep it as the required test for IPT.

c. Where to get these tests?

- i. Tests can be conducted at any Covid PCR testing lab.
- ii. We have partnered with **PathCare** and their Partner **VPath**. This has allowed us to get a discount and pay only R650 per test.
- iii. Further information on bookings, payment, etc will be distributed separately.

**2021 LOC Executive Committee:**

- d. How to submit your test results to online registration site:
  - i. The team registration site will have a place to post the PDF document showing your results.
    - 1. NOTE – only the lab result in PDF format will be acceptable. No screenshots or SMS’s are acceptable.
    - 2. The responsibility is with the person being tested to ensure they have the result and in the correct format.
- e. What if you have a positive test?
  - i. If you test positive you cannot partake in the IPT.
  - ii. You must inform your manager / coach and they must inform the organisers.
  - iii. Based on your team’s movements before your test, it could mean your entire team must also self-isolate.
  - iv. SUGGESTION: It would be logical for teams to NOT train in the last 5 days before travelling AND not to be in close contact with each other over this time. This reduces the possibility of one player contaminating a team and the team having to withdraw.
  - v. You must follow the guidelines from your doctor on self-isolation and when you can get back to training.
- f. Substitution of players who do test positive:
  - i. This is a provincial issue that each province must decide upon. The rules for a player to attend must be adhered to at all times.

### 3. At the event

- a. Daily log-in at each venue:
  - i. QR Code – scan and input your information with temperature
  - ii. Temp Check – confirm is normal below 37.5 degrees
    - 1. If High (above 37.5 degrees), then Isolate
  - iii. Sanitise – upon entry and any time you have any social contact with others. Repeat upon every entry
  - iv. Social Distance and Masks: While in the pool area the players must maintain their distance from others and must **wear a mask at all times**. Only when going onto the pool deck to warm up or play can they not wear a mask.

**2021 LOC Executive Committee:**

- v. Team Areas – Venue specific:
  - 1. Some venues have the outdoor facility to allow for this – if not please respect the instructions of the Venue Coordinators.
  - 2. There will be team areas where the players can put their kit and relax after or before games.
    - a. While in this area it is still mandatory to wear masks unless you are busy warming up or going to the pool deck to play.
    - b. If the venue numbers are too high, then the venue coordinator will ask people not playing or warming up to leave the venue.
- b. Maximum Numbers at each venue:
  - i. Current regulations limit the numbers to 750 at indoor venues and 2,000 at outdoor venues subject to a maximum of 50% of the holding capacity at the venue.
  - ii. Total numbers include ALL people in that venue – Table Staff / Officials / Referees / teams playing / teams warming up, etc.
  - iii. In order to comply with above regulations, teams arriving for games are required to wait outside the venue until the beginning of the game prior to their game.
  - iv. Please enter via the clearly marked ENTRANCE to prevent cross contamination.
- c. Spectators – spectators will be allowed to attend IPT on the following conditions:
  - i. All spectators will be required to be fully vaccinated.
  - ii. Spectators will be required to show proof of vaccination together with their ID document to venue staff.
  - iii. Spectators will be required to remain in the allocated and demarcated areas for spectators and are to keep separate from the players.
  - iv. As there is limited capacity, spectators may be asked to vacate the venues after games to free up capacity for other spectators to watch the following games.
- d. What must I as an athlete do?
  - i. Respect the venue coordinators and their instructions please. This is for the good of the community and needs to be seen in that context.

**2021 LOC Executive Committee:**

A. Botha (Chairperson), B.Redelinghuys (Technical Director), G.Fisher (Tournament Director), W. Good (Treasurer) C.Wiltshire, M.Fisher, D. Commins, A. Riley Nielsen (Admin)

- ii. If you feel unwell, it is CRITICAL that you tell your coach / manager or the venue coordinator. The only way we can help all the players in the event is if you are honest.
  - iii. Ensure you wear a mask and maintain social distance at all times.
  - iv. When socialising with other teams – please keep your distance, use elbow as greeting, not shake / hug.
  - v. As much as possible try not to attend social functions before you travel and while at the event.
- e. What is expected of managers / coaches?
- i. Respect the venue coordinators and their instructions please. This is for the good of the community and needs to be seen in that context.
  - ii. Support the Venue coordinators and the staff at the venue.
    - 1. Ensure your team respect the rules of the venue.
    - 2. Ensure they keep their areas clean and free of waste – this so that cleaning staff are not put in a compromising situation.
  - iii. Check with your players EACH day that they are feeling well – honesty will help us all to ensure all players are safe.
  - iv. Ensure you have a plan to get an isolated player and rest of the team back to their home province within the Government’s rules for travelling.
- f. What if an athlete / manager or coach displays Covid-like symptoms during the event?
- i. Away from the pool – hotel, etc.
    - 1. Isolate the player from the rest of the team
    - 2. Get a Rapid Antigen test ASAP – so get answer quickly and determine how to contain.
      - a. Must also isolate and test any possible close contacts like room mates
    - 3. Manager/ Coach should also try to limit their team’s contact with other people, especially other teams, until they have the player’s test result.
    - 4. Manager to immediately inform the LOC of the situation.
    - 5. Team must not return to any of the venues until result is received back from the isolated player.

**2021 LOC Executive Committee:**

- ii. At the pool:
  - 1. Notify the Venue Coordinator.
  - 2. Use the Isolation Room at the venue to isolate the player AND any close contacts (roommates, etc).
    - a. Please ensure you as a Manager / Coach know where this is and who the Venue Coordinator is so we can follow safe protocols.
  - 3. Management must assign a person to remove the player to their hotel and follow the containment procedures.
  - 4. The team must then also be removed separately to the isolated player.
- g. Testing protocols and what to do based on the results:
  - i. After isolating the player(s), they need to be tested as this will determine what happens to the player(s) and the team.
  - ii. Player must have a Rapid Antigen test
    - 1. If the player tests Negative, then request PCR test to ensure 100% safe for that player to continue playing (maybe do both tests at same time to save time).
    - 2. The TEAM may now re-join the tournament.
    - 3. If PCR Test is negative then the player can re-join their team and the tournament.
  - iii. If the Rapid Antigen test is Positive
    - 1. Then player and team are isolated and withdrawn from the event and must organise to travel home.
- h. What if a team is withdrawn?
  - i. If the team is withdrawn temporarily while in the pool stages (awaiting players test results), then the team will forfeit that match 5-0.
  - ii. If the team is withdrawn permanently while still in the pool stages:
    - 1. All their results will be nullified and they will lose each game 5-0. This so that no team benefits or loses because of pool results that might be skewed. i.e. everyone gets the same result.

**2021 LOC Executive Committee:**

A. Botha (Chairperson), B.Redelinghuys (Technical Director), G.Fisher (Tournament Director), W. Good (Treasurer) C.Wiltshire, M.Fisher, D. Commins, A. Riley Nielsen (Admin)

iii. If the team is withdrawn in the Knock-Out stages:

1. They will forfeit their Knock-Out game and the opposition will have a 5-0 walk over and advance to the next round.

i. Travelling home during isolation:

- i. The current legislation states you cannot travel while infected.
- ii. The LOC are not responsible for this issue and the government regulations must be adhered to at all times. We do however suggest the following:
  1. That you ensure your hotel and flight tickets are flexible to accommodate a possible 10-day isolation period.
  2. That the management has a person on standby that will be able to remain with the infected player.
  3. That parents understand this risk and help plan how to resolve.

#### **4. After your Games**

- a. Players/ Manager/ Coach to ensure the bench area is cleaned of all personal items: masks / drinks bottles, etc. This must be removed by the team or will be thrown away by cleaners as it is a health risk to them.
